

SIA Spotlight Series

Learning Support Centre

May 2022

The Learning Support Centre (LSC) offers peer-based academic services to support student success, including assistance with:

**Math | Communications | Essays and Grammar | Course Tutoring
English as a Second Language (ESL) | Presentations**

Providing Tutoring & Studying Resources

- Study Skills workshops
- Study Smart – a MyCanvas course for first year students
- Study Jam – a week-long study session (co-sponsored by the MSA) that occurs right before final exams
- Weekly Conversation Club for international students
- Class visits and support to college programs like City School, Career Pathways, First Year Experience and various academic programs
- ELS appointments for Faculty

Why are these tutoring and study supports so important?

We know that our students are looking for academic supports to be successful.

25% of students are looking for Peer Support & Tutoring*

21% of students are looking for Reading & Writing Strategies*

21% of students are looking for Remote & Virtual Learning supports*

Students who have utilized peer tutoring indicate that it helped them to persist with a difficult course, helped to improve their grades and helped to increase their self confidence.**
